DETAILED ACTION

1. The Examiner has carefully considered Applicant's amendment and accompanying response filed September 14, 2005. All rejections have been overcome in view of the present Examiner's Amendment and Applicant's response.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on September 14, 2005, has been considered by the examiner.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Cheryl Brickey on November 23, 2005.

The application has been amended as follows:

****Amend claim 14 as follows:**

14. (Currently Amended) A device comprising:

a textile substrate having a first surface;

a coating on the first surface of said textile substrate, said coating including a multiphase fluorochemical and a cationic material, wherein the multiphase fluorochemical comprises a dual action fluorochemical, wherein the dual action fluorochemical is a fluorochemical that has hydrophobic properties under a first condition and hydrophilic properties under a second condition,
and further including an image disposed on the first surface of said textile having the coating thereon.

****Amend claims 7 and 8 to change the dependency of these claims by deleting "4" in line 1 and inserting -1—**

****Cancel claims 1-5, 10-13, and 24-27.**

Reasons for Allowance

4. Claims 7-9, 14, 15, 20-23, and 28-32 are allowed.

5. The following is an examiner's statement of reasons for allowance: the rejections in view of Frankenbach et al. (US 2005/0098759) have been overcome in view of the present Examiner's amendment and Applicant's response.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Sherman et al. (US 3,574,791 and US 3,728,151) are considered to be pertinent, but fail to disclose an image disposed on the textile coated with the dual action multiphase fluorochemical and a cationic material.
